 Ewald Urbschat et al,
 BENZOHYDROXAMIC ACID FUNGITOXIC
 AGENTS

As requested in your letter of July 17, 1969, I have reviewed the Official Action and your response.

After a careful re-consideration of the application, it has been returned to the examiner for a consideration of certain additional facts which were not previously considered in the examiner's Final Action report of April 30, 1969.

A further action by the examiner in the near future may be expected.

Yours truly,

A.M. Laidlaw,
Commissioner.
